

Pediatric Research Alliance

Introduction to the Biorepository Core & Molecular Clinical Trials Laboratory (MCTL)

Please join us for an interactive lunch. Topics will include:

- Technical expertise and services offered to *all* investigators
 - Scientific interests and potential collaborations

A tour of the lab will follow lunch.

Monday, October 31st

Noon – 1:00pm

Health Sciences Research Building Room E360

The Core offers laboratory and technical assistance for collecting, storage, and analysis of patient samples. Services include: PBMCs, Serum, Plasma, Urine, Stool, Tissue, Biopsies, and DNA.

To RSVP, please visit the calendar on pedsresearch.org located under “News & Events”
