CASTLE CONNOLLY MEDICAL LTD. is a healthcare research and information company founded in 1991 by a former medical college board chairman and president to help guide consumers to America's

top doctors and hospitals. Castle Connolly's established nomination survey, research, screening, and selection process—under the direction of a medical doctor— involves many hundreds of thousands of physicians, as well as academic medical centers, specialty hospitals, and regional and community hospitals across the nation. Castle Connolly's physician-led team of researchers follows a rigorous screening process to select top doctors on both the national and regional levels. Its online nominations process—located at castleconnolly.com/nominations—is open to all U.S. licensed physicians. They are able to nominate physicians in any medical specialty and in any part of the country, as well as indicate whether the nominated physicians are—in their opinions—among the best in their region in their medical specialties or among the best in the nation in their medical specialties. Careful screening of doctors' educational and professional experience is essential before final selection is made among those physicians most highly regarded by their peers. In result, Castle Connolly identifies the top doctors in America and provides consumers with detailed information about their education, training, and special expertise in its paperback guides, national and regional magazine Top Doctors features, and online directories (available at castleconnolly.com, 800-399-DOCS (3627), or major national bookstores).

Doctors do not and cannot pay to be selected and profiled as Castle Connolly Top Doctors.

This year's list for *Atlanta* magazine considered physicians with primary offices in Carroll, Cherokee, Clayton, Cobb, Coweta, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Hall, Henry, and Rockdale counties. It does not include specialties in which patients rarely choose their clinicians—such as emergency medicine or anesthesiology—nor does it include cosmetic surgery as a standalone specialty.

Physicians selected for inclusion in this magazine's Top Doctors feature may also appear as Regional Top Doctors online at castleconnolly.com or in a Castle Connolly guide, such as *America's Top Doctors*® or *America's Top Doctors*® for Cancer. Parameters differ slightly for each compilation, so inclusion in one does not automatically guarantee inclusion in another. ☐

I Hate Chronic Use of Pain Pills for Headaches, Migraines and TMJ ... and So Should You!

Let us tell you why... FREE

If you have chronic headache, migraine or TMJ pain, get your free copy of the Amazon Best-Selling book *Break Away: The New Method for Treating Chronic Headaches, Migraines and TMJ without Medication* by Dr. Frederick Abeles (Retail Value \$19.95). To celebrate its release, we're giving away a limited number of copies.

The Soothing Balm of Pain Pills

Many people take pain pills on a regular basis. After all, they see them on TV offering immediate relief which looks very appealing... especially after suffering through a bad episode of pain. So what's the problem with pills?

What You Might Not Know about Pain Pills Could Come Back to Haunt You

You see, pain pills merely mask symptoms while the underlying problem remains untreated getting progressively worse. The obvious question... if pills aren't the solution - what is? *Break Away* reveals the answer. It may open your eyes in a way very few books can.

Why This Book is Worth Your Time

- ♦ You'll learn the #1 most critical element you must get right to become pain free.
- ♦ What never... ever to take for your migraine or headache.
- ♦ How to avoid falling victim to misdiagnosis.
- ♦ What you can do to stop your pain and take control of your outcome.
- ♦ Two symptoms you should never ignore. And much more...

About Dr. Fred Abeles

Dr. Abeles is known as one of the most sought after TMJ experts in the United States. He's famous for getting results where all others have failed and getting those results without the use of surgery, needles or drugs.

This offer is time-sensitive. A limited number of books are available.
Go today to www.FreeBreakAwayBook.com
to get your copy.
